

① The hidden treasures of Ilot Maître

Beyond the idyllic landscape offered by Ilot Maître, this interpretation trail, proposed by the « **Centre d'Initiation à l'Environnement** » (CIE.NC), takes you step by step to discover the history, the landscapes, fauna and flora of this islet.

The 9 steps are materialized by signs and markers dedicated to the flora. The banded sea krait, your guide, will show you the path to follow.

Enjoy your walk!

A pedestrian trail for ALL, between land and sea

- 1 : The hidden treasures of Ilot Maître
- 2 : Ilot Maître, from past to present
- 3 : A spot for many emblematic species
- 4 : Seagrass beds, an unpopular ecosystem
- 5 : From reef to forest
- 6 : The life of an islet
- 7 : A heaven for birds
- 8 : The dry forest, a vulnerable environment
- 9 : Coconut tree and Cook pine, strong symbols of Melanesian culture

To be continued

Why does Ilot Maître bear this name? You will discover it in the next sign.

The CIE.NC, an association that has been working towards environmental education since 1996.
